CISO Executive Roundtable Friday 11th June 2010

The Ultimate 'Hands On' & Proactive Peer-Share Environment to Re-Inspire You...

Lead CISO Roundtable Sponsor **NETWITNESS**

Chaired by:

Charles V. Pask, *Managing Director, ITSEC Associates Ltd.*

Facilitated by:

Eddie Schwartz, *Vice President, Chief Security Officer, NetWitness Corporation*

Marcus Alldrick, *Chief Information Security Officer & Senior Manager, Information Protection and Continuity, Lloyd's*

Paul Wood MBE, *Group Chief Security Officer, Aviva*

Floris Van Den Dool, *EALA Security Lead, Accenture*

Michael Colao, *Recently Global CISO & Director Information Management, Dresdner Kleinwort*

Julia Harris, *Head of Information Security, BBC*

The CISO Roundtable (11th June) is the unrivalled benchmarking forum for open & interactive discussion on the hottest & most critical challenges in information security. It is the ultimate chance to gain inspiration & insights from industry leaders – held under The Chatham House Rule. The CISO Roundtable 2009 is well-established as the best place for heads of information security from all corners of the world to discuss key security challenges & strategy with peers to develop team expertise & professional skills, as well as to advance debate & approaches for the information security community at large.

The focus is on roundtable discussions & group work, with sessions facilitated by established information security practitioners & industry experts. You will meet global security industry leaders & network with professionals who face a similar set of challenges as you in a 'hands on', proactive & inspirational environment.

Held Under The Chatham House Rule - No press are permitted. The entire session will be conducted as a 'closed doors' session, allowing participants to discuss real life information security incidents & benchmark proven & possible approaches.

Key topic areas of focus - will be determined by the input of participants beforehand & a briefing document will be distributed in advance to allow participants to fully contribute in the honest sharing of ideas.

EXPANDED interactive layout for 2010 This year the seating will be in true roundtable style – that is 'horse-shoe' shape & no PowerPoint slides will be used (flipcharts only) - to allow for an even more intimate, progressive & open exchange unobstructed by microphones & spatial distance.

Notes from the session – each session has a dedicated 'note taker' who will write up discussion outlines & conclusions for distribution to all roundtable attendees following the event.

Agenda timings

09:00 Start; 11:00 Coffee Break; 13:00 Lunch; 14:45 Close of Day.

NEW - Spouse-Partner Programme in Madrid

Given the senior level of attendees, the strong networking focus & the attractive locations chosen for the CISO Summits, many CISOs traditionally chose to bring partners to this event or arrange to stay on for the weekend. As such, MIS will organise a spouse programme to take place **Friday 13th June 2010**, while delegates will be attending the CISO Roundtable. This offers a unique opportunity for spouses / guests to meet up & visit Madrid's world-class shops, cafes & museums as a group. Moreover, participating CISOs therefore have no excuse or distraction to leave the Roundtable debate! The itinerary will be suited for individual needs & includes a guided visit of Madrid & a tapas lunch in the city centre.

Email conferences@mistieurope.com for further details.

MIS Training Institute is delighted to bring you the **7th Annual CISO Executive Summit & Roundtable 2010** – now firmly established as Europe's premier event for information security directors. Renowned for uniting & inspiring senior peers, direct experiences, challenges & approaches are shared via fresh case studies, dynamic debates & new high profile keynote sessions.

An intimate learning & high level networking forum, the CISO Summit is designed for people to share ideas & leave you motivated & armed with new ideas to build on your information security strategy. Above all, the 3 days facilitates the building of trust-based relationships with senior security peers in a convivial business & sociable atmosphere. Sponsored dinners, receptions & local visits are therefore an integral part of the event experience. This is a 'must attend' event for Chief Information Security Officers & senior technology & information risk professionals.

NEW for 2010! Spouse programme

Given the senior level of attendees, the strong networking focus & the attractive locations chosen for the CISO Summits, many CISOs traditionally chose to bring partners to this event or arrange to stay on for the weekend. As such, MIS will organise a spouse programme to take place Friday 13th June 2010, while delegates will be attending the CISO Roundtable. This offers a unique opportunity for spouses / guests to meet up & visit Madrid's world-class shops, cafes & museums as a group. The itinerary will be suited for individual needs & includes a guided visit of Madrid & a tapas lunch in the city centre. Email conferences@mistieurope.com for further details.
